

Windows Phone 512MB App Compatibility Report v2

Apps which are not compatible with Windows Phone 8 devices with 512 RAM (e.g. Nokia Lumia 520, 620, 720, and HTC 8S) as reported by Windows Phone Marketplace. This is based on the 300MB memory requirement.

The report is based on data up to 18 July 2013. Compatibility status will change as developers release updates for their apps and games. The list is ordered by app release date. Custom reports are available on request.
